

All treatments performed by a veterinarian must be recorded in accordance with the legislation.
Your pet's medical record is confidential.

Deworming times and locations

Deworming services are available in connection with the SKK Shop in the main entrance area Friday, Saturday and Sunday 07:00 -09:00, 11:00-12:00 and 13:00-14:00.

Cost: 400 SEK per dog, paid in advance.

We will only deworm your dog if there is an available slot in the pet passport under the section "Anti-echinococcus treatment." Please check your dog's passport before you travel. If there are no free slots, contact your veterinarian to get a new passport before your trip.

Bring your dog and the pet passport and the deworming tablets containing praziquantel or epsiprantel. Please fill out the form below and print the form and bring it to the deworming.

If it's difficult to give your dog tablets, consider using flavored tablets or bring cheese, ham, or other treats to hide the tablet.
